

Nenger Terna

Profile: A graduate of Library and Information science, Benue State University Makurdi

Details

am Nenger Terna, a focused, devoted, and hardworking gentleman who has a strong desire to work in the information section. Information and library science was my field of study. I am excited about applying my academic knowledge to practical issues and looking for creative solutions that put safety and sustainability first. I also like to read and travel to new places. Making connections with professionals and like-minded people to jointly shape the infrastructure of the future excites me!
